

How to submit Double 12 order

DOUBLE-12 is coming soon at December 12, 2016, how you want to submit DOUBLE-12 orders to Askmebuy and ask them to follow up on the same day?

First, you have to know that not all products participate DOUBLE-12 promotion, but if it is not, you can also ask us to follow up your order in December 12, 2016 (perhaps discount price is available for that day).

When you wish to purchase Taobao or Tmall goods, if the goods are involved in DOUBLE-12 special promotions, product price on Taobao or Tmall will emerge these pictures (Reminder: this activity picture will be show out after December 07, 2016).

Pictures similar to the above indicates that the goods will be involved in DOUBLE-12 promotion, this offer is also limited to that day only, it is effective if submit order and successfully made payment in Taobao and Tmall on that day.

Since we are follow up the orders has been paid in ascending sequence, that means if customer A made payment first we will follow up customer A's order first, so if you submit new orders and pay us in the DOUBLE-12 day (December 12, 2016), we may need a little time to follow up your order. (Of course we will try to follow up all orders on the same day).

To reduce process time for the goods you wanted to purchase which already sold out and we cannot purchase for you, we have some of the following tips and arrangements:

1. We accept DOUBLE-12 orders start from **December 07, 2016 until December 12, 2016 3PM only** and we promise will complete follow up on December 12, 2016. You do not have to worry about special price and need to wait until special price updated on that day, this may lead to insufficient time to follow up your order on the same day because we have a lot of orders to be processed on that day. So you can make orders before DOUBLE-12 by using original price first. If the price is relatively low on DOUBLE-12, we will submit directly to the seller and will modify your order amount, extra payment will automatic return in your Askmebuy account balance.
2. If the total amount you wanted to purchase fulfilled seller's DOUBLE-12 discount coupon, before you submit the order, you can inform our online customer services to help you redeem the coupon for you and then you remarks "*DOUBLE-12 coupon discount RMBxxx*" in the order, of course, you need to modify the product price by yourself and then add to cart.
3. You can also remark in order if the item color out of stock, we can order another color to place replace it, which can make us process your order faster.

Method creates and handle DOUBLE-12 order in this year will be easier than DOUBLE-11.

1. First, you need to view your taobao shopping cart
You will see a red frame below, if you want us purchase this product on DOUBLE-12 day, you have to tick it, and then click review order. (be note this promotion will be start from 07

Step 2: Check your taobao cart, tick your item and click review order
